THE DEPARTMENT OF PHYSICS

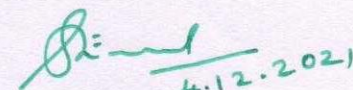

Organize an Awareness Program

ON

Raising awareness around Pollution along with urging the Government to adopt policies that can help in reducing the effects of Pollution

REPORT

The Department of Physics organized an Awareness Program on **02.12.2021** at 10:00 a.m in the Conference Hall. Qirath was recited by Miss.N.Sabreen, I B.Sc Physics. Dr.Suhashini Ernest, Principal &Head of the Physics Department, delivered a talk on “**Noise Pollution**”. She handled the session very interestingly and effectively. The session includes the difference between speech and noise, how noise pollution occurs and what are the steps to be taken to reduce noise pollution. In current situation noise pollution is very important because continuous noise makes stress and this stress leads to heart diseases. Students were very keen to listen to the talk. 70 students from the Department of Physics and Maths participated in this program. Finally, a vote of thanks was given by Miss.J.Shifana Jabeen, III B.Sc Maths.
