ECO CLUB

WORLD ENVIRONMENTAL EDUCATION DAY - 25th JAN 2023

REPORT

The "World Environmental Education Day" awareness program was organized by the Eco club, AIMAAN College of Arts and Science for Women on 25th January 2023 at Panchayat Union Middle School, Pirattiyur.

Its main goal is to identify environmental issues both globally and locally and to raise awareness about the need for participation to conserve and protect the environment, mitigating the various levels of impact caused by climate change.

To promote knowledge about some of the most serious environmental problems facing our planet and the various strategies that can help us tackle them.

Our Eco Club Volunteers from the Department of Nutrition and Dietetics clearly explained with the help of many models, chart work, and demonstrations were given to the school students. The program was very informative and useful to both school students and faculty members. Some of the school students actively participated in some of the demonstration activities.
