## 'MoE's Innovation Cell' in collaboration with AIMA College of Arts & Science for Women, Tiruchirappalli

**Report on My Motivational Session by Successful Innovators (My Story)**

**Speaker: Ms S. Nasrin Banu, M.A., PGDELT, Dip. IBF., MU-ALLAMA., B.A. (Hindi)**

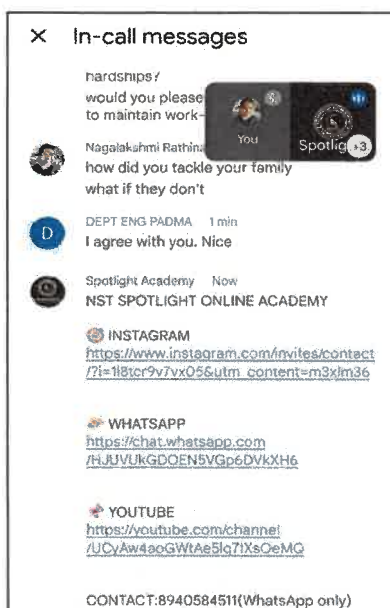

The IIC & PG Department of English of AIMA College of Arts and Science for Women jointly organised a seminar on **My Story: My Motivational Session by Successful Innovators. Ms S. Nasrin Banu, Founder & CEO of NST Spotlight Online Academy, Manaparai** addressed the students between 12.30 and 1.30 p.m. on 04.11.2022.

Ms. Nasrin introduced herself as a proud alumna of AIMA college and nostalgically looked back to her days in AIMA. Her talk highlighted the fact that success lies in imparting knowledge, and she said that AIMA gave her the confidence and mental strength to become what she wanted to

be. "Experience determines the level of success and one should not hesitate to express themselves," said Ms Nasrin. She recounted how hard it was for her to emerge as a successful entrepreneur.

Intending to motivate the students, she insisted them find the talents hidden in them. Her talk underscored the need to fix the short-term and the long-term goals and to start working towards them, not paying attention to unwanted comments/discouragements. She said, "Winners know only to win, whereas those who fail will learn ways to success." Realising one's potential, striving hard for achievements, positive and healthy criticisms, and optimism were the concern of the speaker. She elucidated on the bumps that she faced during her journey as an entrepreneur and on the need to ignore those who demotivate us.

On the whole, her talk enkindled new hopes and enthusiasm among the students. The students interacted with Ms. Nasrin who answered them patiently and encouraged them to pursue a career of their choice.

Further, she gave a glimpse of the services that are done by a group of volunteers which includes planting of trees. She also extended an offer asking students to join her academy, if they were interested. She elaborated on the activities carried out by her with 50 other volunteers and shared her contact number for social media links in the Google Meet chat box. With the grace of the Almighty, the program came to an end at 1.35 p.m.
