The collaborative effort of the BBA Department and the Institution Innovation Council (IIC) culminated in the successful execution of the "Best Out of Waste" event, held on 08.01.2024 at AIMAN Masjid Hall. The event aimed to promote creativity, sustainability, and environmental awareness among students while fostering a sense of innovation and resourcefulness.

The event kicked off with a waste sorting and collection drive across the campus. Students actively participated in collecting various recyclable materials, emphasizing the importance of responsible waste disposal. Following the collection drive, informative workshop sessions were conducted by experts from the IIC. These sessions focused on the significance of waste reduction, recycling, and upcycling. Practical demonstrations inspired students to think creatively about reusing materials and turning them into functional and aesthetic items.

The highlight of the event was the Best Out of Waste competition. Teams from different batches within the BBA Department showcased their creativity by transforming waste materials into innovative and visually appealing products. The competition was judged based on creativity, sustainability, and the effective use of material.
