INSTITUTION'S INNOVATION CELL

REPORT ON ONE DAY WEBINAR ON "IDENTIFYING INTELLECTUAL PROPERTY COMPONENT AT THE EARLY STAGE OF INNOVATION"

The Institution's Innovation Cell of AIMA College of Arts & Science for Women organized a One Day Webinar on "**IDENTIFYING INTELLECTUAL PROPERTY COMPONENT AT THE EARLY STAGE OF INNOVATION**" on 27th January 2021. Mrs.V.SUMATHI, Asst.Professor, Department of Business Administration, AIMA college of Arts & Science for Women, Trichy, welcomed the gathering. The resource person was Prof.M.Sundaraman Ph.D Professor and Chair, Department of Marine Biotechnology, School of Marine Sciences and Co-ordinator of Intellectual Property Rights Cell, Bharathidasan University, Tiruchirappalli.

He discussed the main objective of intellectual property law which is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time. He illuminated the students on Intellectual property rights which are legal rights that provide creators protection for original works, inventions or the appearance of products, artistic works, scientific developments and so on. He also discussed the four types of intellectual property rights (IP) with examples: patents, trademarks, copyrights, and trade secrets. He enlightened the true story of Hridayeshwar Singh Bhati, the youngest patent holder in India and also the world's youngest differently-abled person to have a patent for his invention of six- player circular chess at the age of 9. He wound his session by explaining how to build a Career in Intellectual Property Law.

Finally a vote of thanks was proposed by Ms.Priya, Head, Department of Mathematics, AIMA college of Arts & Science for Women, Trichy. The webinar was conducted in Google Meet and was also streamlined live in YouTube. Around two hundred participants had registered and participated in the Webinar.
